Subject: FW: Draft Agenda - BPSOU UAO Update Meeting

I haven't had a chance to review or revise this yet.

Subject: Draft Agenda - BPSOU UAO Update Meeting

Loren,

I don't think there is an immediate need to revise the agenda, assuming others will add in any requested presentations or specific action items discussed at the last meeting (Chapin was taking some diligent notes). After reviewing the UAO I think it may be beneficial to review the existing UAO progress schedule and make sure all items within the text of the Partial Remedy Implementation Work Plan have been addressed, are in progress of being addressed, or have been deferred to RDRA or CD related negotiations. Beyond the programs that are typically discussed and in progress for the foreseeable future, it may be useful to formally close some of the other UAO action items. I think Leesla has tracked UAO action items in the past and has an ongoing schedule, maybe we brush the dust off of it and assign some revised timetables for completion of these items.

I think I may be volunteering myself for a task here.

Anyways, proposed schedule for next meeting:

BPSOU 2011 UAO

AR PRIWP Update

- General UAO progress update May be beneficial to do an exercise like discussed above. Brush off the schedule, review obligations and progress, and provide an actual update at the meeting following this.
 - Programs and Plans
 - Revision of project schedule, task status, and plan for task closure

RMAP

- General Progress Report Should segregate between BPSOU and non-BPSOU. With all non-BPSOU eventually falling under “Other” or West Side below.
 - BPSOU
 - Adjacent Areas
- Landlord/Tenant Letter I left these next 4 bullets on from the last meeting agenda.
- Parks List
- Database Updates
- Health Study Update
- Snow Management Plan

BRES

- 2017 Summary Report All left from the last meeting agenda, and not certain they all
- Railroad Updates
- Unreclaimed QAPP
- Scrap H Ditch Samples

Superfund Stormwater O&M

- Agency Comments

~~**Other to be deleted per your comment just now.**~~

-
~~West Side Soils Segregated this out of the BPSOU section.~~

-
- ~~• General Agency activity update What's happening, any RIFS progress~~
 - ~~• Governing documents Nikia mentioned a literature review, curious if they'd be so kind to provide a list of applicable regulatory and investigation documents of WSS.~~
 - ~~• Data compilation progress Just an update to their ongoing work.~~

Let me know where I've gone awry - Thanks!
